Part II, Line 3:

Gerrish Island, Kittery, 26 acres added to 408 acre original easement

Part II, Line 5:

Conservation easements require communications with landowners, monitoring visits at least once each year, reviewing landowner plans for changes that are addressed in the easement and approving or denying them, working with the organization's attorney to deal with violations and amendments, and in some cases transferring easements to other organizations. Some easements require very little time and others require lengthy discussions, negotiations, repeated visits, and specific management.

Maintaining good communication with landowners is the key factor in

Part XIII Supplemental Information (continued)

avoiding violations and legal quagmires. As original Grantors pass on or transfer their property, it is especially important to quickly make contact and develop relationships with the new landowners and to help them understand the purpose and restrictions of the easement if necessary.

Part II, line 9:

Contributed conservation easements held by the Organization are not recorded in the financial statements because easements do not represent economic assets or resources. Purchased conservation easements are expensed on the date purchased.

Part V, line 4:

Operating endowment fund income is to be used for operating fund purposes (excluding land and conservation easement acquisitions) except as needed to be retained in the operating endowment fund so the purchasing power of the permanently restricted contributions is not eroded.
